**In re: Docket No. AB-167 (Sub-No. 1095X)**

Dear Mr. Brady:

I understand that you are seeking suggestions from the public concerning the use of the Low Grade Line, also known as the Enola Branch in Lancaster County, Pennsylvania.

I hope that you are giving serious consideration to taking the necessary steps to enable this line to be used as a public recreation trail. Lancaster County is quickly running out of space for public recreation, and I believe that a multi-use trail would be of tremendous benefit. It would give families with young children an opportunity to use the trail without being endangered by motorists. Presently there are few places in Lancaster County where this is possible. Taking the steps now for the preservation of the historic properties and making the trail possible is an opportunity that may not come our way again. Let's take advantage of it and make the recreation trail a reality.

Very truly yours,

Penn B. Glazier
